

The background of the top half of the page is a blurred office scene. In the foreground, a large, black HP multifunction printer is visible, sitting on a wooden desk. In the background, several office workers are engaged in conversation. The lighting is bright and natural, suggesting a modern office environment.

Eliminate the Headaches of Printer Management

Boost productivity and streamline fleet management

Multifunctional printers, copiers, and scanners are crucial devices in any business, and especially in companies where technologies like the cloud, mobility, and security are ever-advancing. However, managing these devices can be a burden on IT departments. The increased sophistication of these devices makes them increasingly complicated and costly to maintain and streamline crucial paper-based electronic business processes.

Save Time and Money

HP Managed Print Services helps you centrally manage your print fleet to:

- Optimize your print environment
- Digitize and automate workflows
- Simplify device management
- Increase security
- Lower the cost of device management

The latest solutions offered by the partnership between HP and Arlington Computer Products helps to manage and optimize a fleet of devices, improving overall business processes. These technologies also provide the advantage of gaining the most value from imaging and printing devices:

- HP JetAdvantage Insights—Gain insights about printing behaviors to reduce waste
- HP Web JetAdmin print management software—Manage devices from a single location
- HP Universal Print Driver—Make setting up printers a breeze by replacing device-specific downloads with a single application for printer setups
- HP Color Access Control—Reduce unnecessary color printing costs by enforcing color printing compliance rules by department, user, or device
- HP FutureSmart-enabled LaserJet printers—Take advantage of new features through simple firmware upgrades
- HP Open Extensibility Platform—Utilize the latest applications and keep all your printers in sync

When it comes to business, the more cost-effective and efficient a system can be, the better. Printer management solutions from HP with Arlington Computer Products can help improve productivity and drive down costs, helping employees—and IT teams—work more efficiently.

Keep Printer Fleets Running Smoothly

Multifunction printers, copiers, scanners, and fax machines can be costly to manage—and consume a considerable amount of an IT team's time to keep running smoothly. Employing a Managed Print Services program makes it easy to manage—and optimize—these devices, freeing up IT staff to focus on higher value tasks.

The HP Managed Print Services program offered by Arlington Computer Products eliminates the frustrations of device management, and solves many inefficiencies of printer use. In fact, organizations that implement managed print services reduce their printing costs by an average of 30 percent.¹

HP Managed Print Services include:

- Assessment: Gathering relevant information from all HP and non-HP devices and collaborating to define goals
- Analysis: Providing targeted recommendations for managing a print environment, optimizing devices, and improving business process workflows
- Setup and maintenance: Providing users with a consistent certified point of contact and fast resolution of service issues
- Reporting and reviews: Sharing an analysis of a print environment and resulting recommendations
- Ongoing optimization: Assessing workflows and proposing solutions to bring greater efficiency

Explore the benefits of HP Managed Print Services:

- Lower printing cost by improving process and increasing efficiencies
- Free up IT staff time
- Reduce device downtime

Creative Technology is Job One

Our team at Arlington Computer Products, Inc. (ACP) has delivered over a billion dollars in I/T solutions and products and we are celebrating our 30-year anniversary. Over the years, we've created solutions to challenging business problems and helped to leverage profitable opportunities for our Fortune 1000 and middle-market customers. We have worked diligently to deliver superior service and support and help our customers achieve their business objectives. We are very proficient at leveraging technology with our customers to generate positive business outcomes.

Since 1984, we have helped our corporate, government, and educational customers lower their total cost of IT ownership by applying seasoned creativity between technology components. We call it CreativIT.

Contact Arlington Computer Products today at 847.541.6333 to learn how you can gain maximum efficiency from your printer fleet.
